

## Training Opportunities

Choice Strategies offers extensive and comprehensive training webinars, upon request. Our complimentary webinars help enable Employers and their Employees fully understand their Choice Strategies benefit plans and how to use them successfully.

### New Employer Webinars

The New Employer Webinar is a beginner-level training session designed to provide plan administrators with the guidance and tools they need to succeed. During this webinar we will provide an overview of plan information and procedures such as plan design basics and reconciling your company bank account. In addition, we will guide you through the tools available on our website.

Each session lasts approximately 45 minutes and provides hands-on experience.

### Employee Webinars

During the Employee Webinar your Employees will learn about their specific plan, including how to use the Choice Strategies debit card, how to submit a claim, how to create their online account and navigating our website. A copy of the webinar will be delivered to you for distribution to any future hires.

This webinar lasts approximately 30 minutes.

To learn more about these and other available webinars and to register to attend, visit <http://www.choice-strategies.com/employer-webinar-schedule>.

You can also send your request via email to [training@choice-strategies.com](mailto:training@choice-strategies.com). Please include your name, company name and the preferred date and time.
